In addition, our Veteran Village Project (VVP) provides Veterans with assisted community oriented housing, commercial space for veteran businesses and medical facilities.

The American Veteran Aid Fund is Currently conducting an active search for Hospitality/Tourism properties to include but not limited to Resorts, Banquet Facilities, Golf Courses, etc. The Program provides veterans and their families with business opportunities, employment, and housing.

The American Veterans Aid Fund recognizes that this is an unprecedented time in the history of veterans in the United States, in particular, the critical lack of assisted living and quality, affordable homes.

A rapidly aging veteran population from World War II and Korea as well as today's wounded warriors and families presents unique challenges, especially in terms of medical and housing (assisted living) needs.

The American Veterans Aid Fund is non-political and accepts no government funding. We rely solely on the generosity and caring of individuals and businesses to serve the needs of Our Heroes...Donate Today!
